## CLOROX HEALTHCARE® DISINFECTANT COMPATIBLE

Safeguard your space with performance coated fabrics that are Clorox Healthcare disinfectant approved.

### APPROVED TO CLEAN & DISINFECT

We are proud to announce we have aligned with Clorox Healthcare to ensure our polyurethane-coated upholstery fabrics can withstand the harsh chemical disinfectants used in commercial environments, including healthcare.

Clorox performed rigorous testing and found many of our Silicone products to be compatible. These approved disinfectants require no rinsing or drying after application.

### CLOROX HEALTHCARE® PRODUCTS

Clorox Healthcare® VersaSure® Cleaner Disinfectant Wipes  
An alcohol free quat wipe with 2-minute kill times, low odor and low residue.

Clorox Healthcare® Hydrogen Peroxide Cleaner Disinfectants  
With broad surface compatibility, low residue, and a 1-minute contact time, these cleaner disinfectant wipes and liquids are designed for use on common hospital surfaces.
